## FIVE MILLION DOLLAR FIRE AT NEW ORLEANS

Illinois Central's Fine Docks Burned Last Night.

Eighty Families Homeless and Fire is Still Burning in Places.

## ENORMOUS DAMAGE DUE TO HOT BOX

New Orleans, Feb. 27.—The flames still burn along eleven squares of the river front, but are under complete control.

All the police and firemen are out. The railroad announces it will rebuild as soon as the ashes are cold.

Arrangements have been made to take care of a thousand cars of grain now en route here.

Eighty families are homeless, and three fire engines are ruined. Six fire horses have been killed, and the loss is today put at nearly five million.

### Damage is Enormous.

New Orleans, Feb. 27.—Fire last night caused \$3,000,000 loss to the wharf depot, railroad and other property, crippled the export traffic of New Orleans, swept the river front and wiped out the vast freight terminals of the Illinois Central railroad, known as the Stuyvesant docks.

Nearly a dozen squares of modern wharves and freight sheds, two modern grain elevators and hundreds of loaded cars and vast quantities of freight including 20,000 bales of cotton were destroyed, together with a large number of cottages.

The ocean-going shipping seems to have escaped serious damage. A number of firemen and employees of the docks were injured.

### Twelve Blocks of Docks.

The Stuyvesant docks extend a distance of twelve squares. The wharves were covered with miles of trackage, and steel and iron sheds ran the whole distance.

One grain elevator had a capacity of a million bushels. Several hundred thousand packages of sugar, great quantities of cotton-seed oil and oil cake, lumber and every conceivable variety of freight filled the warehouses. Practically all the export business handled by the Illinois Central was put aboard ships at these piers. The docks and improvements have been under construction for ten years.

### Hot Box Caused It.

The fire is said to have resulted from a hot box in a freight car. The whole plant was equipped with gigantic water tanks and fire extinguishing apparatus, but the blaze soon got beyond control, spreading through the conveyors to the elevators and sheds. The response of the fire departments was prompt, but owing to the fact that the terminals were not readily accessible because of fences and tracks, the engines found difficulty in reaching the flames.

In half an hour the fire covered two squares, the smaller elevator was consumed and the fire was sweeping both up and down the river. All the Harbor tugs hastened to pull vessels out into the river. Hundreds of box cars loaded with freight were drawn out of danger. Hundreds more were consumed.

### Poor Suffer Greatly.

In two hours the lower elevator and sheds and wharves for six squares had fallen. The flames swept to complete destruction, many cottages of the poorer classes, the occupants in many instances losing all they possessed.

The river boats, the employees of the road and the fire departments concentrated all their energies in an effort to save the upper elevator, but they were beaten and the big steel structure, covered with corrugated iron suddenly burst into flames at 10:30 and in half an hour was a wreck.

At midnight more than nine squares of the terminals had been completely destroyed and much other property damaged.

During the fire a heavy north wind carried brands to great distances, driving back the crowds of sight-seers. Immense pieces of hot corrugated iron torn from the sides of the elevator, were carried through the air as if they were feathers and dropping in every direction, constantly endangering the lives of firemen and spectators. The weather was bright and warm and probably fifty thousand people watched the progress of the fire.

### Special For Bridge Carpenters.

The I. C. started a special train out of Louisville last night to pick up bridge carpenters to take them to New Orleans and rebuild the burned docks. The train stopped at all places where carpenters could be secured and passed Paducah shortly before noon. It will proceed south as fast as possible. Telegrams are being sent preceding the train and against all over the southern divisions are hurrying carpenters south.

### To Rebuild at Once.

Hot Springs, Feb. 27.—The lowest fire losses estimated today is a million and a half.

The three bodies found are the

### NEIDRINGHAUS FIRM.

Declares He Will Not Withdraw From Race.

Jefferson City, Mo., Feb. 27.—Thos. K. Neidringhaus has declared in an interview that he will not withdraw from the senatorial race.

Col. R. C. Kerns was urged by friends yesterday, but, apparently without effect, to cease his opposition to the caucus nominee.

### Texas Anti-Trust Law Valid.

Washington, Feb. 27.—The supreme court today upheld the Texas anti-trust law. It affirms the judgment forfeiting the charters, and excluding from the state, the nation a cotton oil and southern cotton oil companies.

### SWAYNE ACQUITTED.

Florida Judge Was Decided Not Guilty.

Washington, D. C., Feb. 27.—The senate sitting as an impeachment court, acquitted Judge Swayne of Florida, voting separately on the 12 counts, alleging wrongful collection of expenses, and the use of a private railroad car, etc. The vote was mostly on party lines.

Judge Swayne paced the lobby awaiting the verdict. It is said Swayne will resign immediately.

### Green Recovering.

Bynum Green, who was shot by Squire Cosby near Mayfield a week ago, is improving and almost able to be out.

## BRISK FIGHTING IS NOW IN PROSPECT

Japanese Repulse Two Attacks, According to Report.

Japanese Artillerymen Are Veterans—An Unusual Struggle Expected Shortly.

### MORE TROUBLE FOR RUSSIANS

MASSACRED 42 RUSSIAN WORKMEN.

London, Feb. 27.—The situation in Caucasus is more serious. At Baku today the Armenians invaded a factory and massacred 42 Russian workmen who refused to join the revolutionary movement.

St. Petersburg, Feb. 27.—Gen. Kuropatkin reports that the Japanese are cannonading the Russians at Egoutoline and Canfaulin.

Fourth Squadron Sails.

Kronstadt, Russia, Feb. 27.—The Fourth Baltic squadron starts for the East this week.

### Two Killed in Clash.

Warsaw, Feb. 27.—Over half the police joined the strikers today and paraded the streets. In a clash a soldier and policeman were killed and ten policemen were wounded.

### Russians Repulsed.

Tokio, Feb. 27.—Manchurian army headquarters reports that two infantry attacks by the Russians in the neighborhood of Maiton Mountain Friday night were repulsed.

### Must Continue the War.

St. Petersburg, Feb. 27.—The czar takes a stand for a continuance of the war by endorsing an address of the Moscow nobility, who said peace was out of the question. He thanks the nobility heartily.

### Bitter Struggle in Prospect.

Mukden, Feb. 27.—Fighting continues in front and west of Tiel Pass. On the extreme east the Japanese have taken the outlying positions, and they now threaten the main defense.

Owing to their formidable attack, it is thought that the Japanese artillerymen are veterans from Port Arthur, commanded by Gen. Nogi.

Fourty wounded Russians arrived at Mukden today and 400 are expected tomorrow. Other indications point to an unusual struggle.

A blustering snowstorm all day is ending in a bitter wind, which may modify the threatened conflict. The region of the Japanese attack is in lightly wooded and high mountains, favorable to the Russian operations.

The force of Japanese, of unknown strength, joined with Chinese brigands west of Kungshialin is still menacing the Russians in that region.

The cannonade along the Russian center diminished in intensity today.

### TEN ARRESTED.

### For the Alleged Murder of a Young Girl.

Patterson, N. J., Feb. 27.—Ten men were arrested as a result of the death of an unknown girl found half clothed in a railway ditch. The police believe she was drugged and held a prisoner in a hut on Garrett Mountain.

## FINAL BREAK UP IN BIG ICE GORGES

Much Damage is Yet Anticipated.

The Conveyor Wrecked at Evansville by Heavy Floating Ice Yesterday.

### BREAKUP SOON AT ST. LOUIS.

Cincinnati, Feb. 27.—The breaking of the ice gorge is still hourly expected. The damage is already estimated at \$188,000.

Cincinnati, Feb. 27.—The ice gorges in the Ohio river in this vicinity, which were the heaviest known for many years, began to give way Saturday night, several breaks occurring at various points. Although the river rose several feet during the night, the ice was so heavy that it soon caught again, forming new gorges. Property damage of about \$75,000 was caused by these early movements.

Tied up along the banks of the Ohio and Licking rivers at this point were twenty-five steamers, towboats and large wharfs, valued conservatively at \$700,000, and 52 barges, one-third of them loaded and the value of barges and loads aggregating \$1,170,000. Besides this, more than fifty gasoline launches and other pleasure boats, small wharfs and houseboats brought the total value of river property which was menaced by the combination of ice and low water to a figure well above \$2,000,000. For more than a month the various crews have been doing all in their power to keep clear water around the boats so that some freedom for movement of paddle wheels and less danger of being dragged away with the heavy ice might be secured.

### Conveyor Wrecked.

Evansville, Ind., Feb. 27.—The towboat Conveyor is probably a total loss. She was caught by the ice in the freeze-up and was badly damaged afterwards by floating ice. She was valued at about \$6,000.

### Great Loss Feared.

St. Louis, Feb. 27.—All the boats are under steam as result of a weather bureau warning that a rise above may cause the ice to break up here. Great loss is feared.

### Breaks at Evansville.

Evansville, Ind., Feb. 27.—The ice gorge at the mouth of Wolfe Creek moved down the river and lodged against Flint Island. The gorge is seven or eight miles long. With the breaking of this gorge the river will be practically clear from Louisville down.

### Shelling Mukden.

Tien Tsin, Feb. 27.—Reports via New Chwang say that the Japanese are using eleven inch mortars in shelling Mukden, inflicting big damage.

### RIVERS AND HARBORS BILL.

### Senators Blackburn and McCreary Working for Its Passage.

A telegram from Washington to the Paducah Commercial and Manufacturers' Association was received this afternoon from Washington, D. C., stating.

"We are doing all in our power to secure the passage of the rivers and harbors bill, in the senate, and that it will pass.

(Signed) "J. S. C. Blackburn."

"JAS. B. MC CREAMY."

The club is very glad to know that the senators are working in behalf of the bill.

### BOUTWELL DEAD.

### Prominent Massachusetts Man Passes Away.

Groton, Mass., Feb. 27.—Geo. S. Boutwell, aged 86, a former senator and congressman, U. S. secretary of the treasury and governor, died this morning of pneumonia.

### Reported Worse.

A telephone message from Sedalia this afternoon stated that the two older Ray men and Zalon Ray were all three in a precarious condition, and it is not believed the last named can recover. They were hurt in the explosion a week ago Saturday.

## FISCAL COURT WILL STAND BY LIGHTFOOT

Indorsed His Actions at a Called Meeting Held Today.

County Clerk Graham Replies to The Sheriff--Col. Joe Potter Accuses Judge Lightfoot.

## INSPECTOR TO BE BUSY THREE WEEKS

McCracken fiscal court this morning in called session unanimously ratified the action of County Judge Lightfoot in assuming the responsibility in the name of the county, for starting and carrying on the investigation of alleged excessive tax collections, and ordered the investigation continued until complete and the employment of two accountants for the county to aid Inspector Hines in his work.

Fiscal court met shortly before 11 o'clock at the county courthouse with all magistrates present.

Judge Lightfoot stated the reason for calling the board together. He cited the public accusations of Assessor Hughes that people were paying too much taxes, told his action in calling for receipts and taking up the investigation. He stated that at the time he began he had looked up the statutes and found that he was the proper person to proceed with it and considering the rumors that were rife, he thought it best to see it through.

In conclusion he stated he wanted the board to either ratify or reject his action and urged that the board authorize the employment of two accountants to aid the inspector in completing the investigation.

Justice Barber stated that he thought the matter should be referred to the bottom and the blame, if any existed, fixed on the proper person. He ratified the action taken by Judge Lightfoot and hoped the board would order the investigation continued, and the court aid in every way possible in carrying it to an end.

Justice Young sanctioned the action of Judge Lightfoot and moved that his action in carrying on the investigation and employing accountants to do the work, be endorsed, and the board order him to continue with it, and the county meet the expense for the two accountants.

The motion was carried unanimously.

The board allowed Poor Farm Keeper Wilkins \$400 to run on until the board meets in regular session in April and allows his regular bill.

The board then adjourned.

The disgraceful scandal in democratic official circles of McCracken county is becoming more complicated. Officials and their attorneys, it seems, are making charges and counter charges for the purpose of throwing dust into the eyes of the public. The public has thus far been very forbearing, and has been content to patiently await the denouement, withholding judgment until that time. The airing of dirty democratic linen is not pleasant to them, but the verdict of the people now seems to be that the investigation should be thorough, and nobody should be neglected. The taxpayers are the ones who are most vitally interested, for in many instances they seem to have been the victims.

## TODAY'S NEWS OF THE CONTESTS

Another Day of Heavy Voting in All the Contests.

There Are No Changes in the Standings But the Total Votes Climb Higher.

HOW THEY STAND TODAY

Voting has again been heavy in the contests today, both Mr. Gilbert and Mr. Dunaway polling over 17,000. There are no changes in the standing of the contestants in any contests today but tomorrow's vote promises something interesting.

### MEN'S CONTEST.

The prizes to be given away are as follows:

To the most popular ladies in Paducah:

A piano,

A Gold Watch,

An Umbrella.

To the most popular men in Paducah:

\$100 in Gold,

A Gold Watch,

An Umbrella.

To the most popular lady residing on the rural routes in this county:

A Gold Watch.

To the most popular man residing on the rural routes in this county:

A Buggy.

Everyone is entitled to a vote in each of these contests. All you have to do is to fill out the ballots to be found in each issue of The Sun and send them in. You will note that the ballots have a time limit,—must be voted within a week of the date thereon.

Special coupons of votes will be issued for payments on subscrip-

tions, and we would call everyone's attention to the fact that subscriptions paid now are worth double what they will be worth in March. For instance: 40¢ will pay for The Sun one month and entitle you to 80 votes, if paid now. The same subscription paid in March will entitle you to only 40 votes. A year's subscription, \$4.50, will entitle you to 1100 votes, if paid now; in March, if you wait it will be worth only 500 votes. Thus you see the wisdom of sending in your subscriptions early.

The piano is "The Valley Gem," sold by W. T. Miller, and is one of the best pianos he sells. It is valued at \$250.

The watch for the first contest is on exhibition at Nagel & Meyer's, for the second at J. L. Wolff's, for the third contest, at Warren & Warren's. The buggy for the most popular man in the county, is one Powell & Rogers sell for \$65, and can be seen at their place of business.

I vote for

As the most popular lady residing on the rural routes in the county.

Not good after February 27.

I vote for

As the most popular man residing on the rural routes in the county.

Not good after February 27.

I vote for

As the most popular lady in Paducah.

Not good after February 27.

I vote for

As the most popular man in Paducah.

Not good after February 27.

Congressman John Lind, of Minnesota, who retires on March 4, served six years in the national house as a Republican, one term as a Democrat and was elected governor of his state as a fusionist.

## PRESIDENT BROWN MAKES FIRST TRIP

Was Royally Treated at Cairo, Ill., Yesterday.

League Meeting Intended to Be At Henderson Will Be Held in Paducah March 12.

### SAME SCHEDULE AS LAST YEAR

President Charlie Brown, of the K. I. T. league, returned this morning from Cairo where he had gone to confer with Secretary W. P. Greeney.

"I was royally treated by Mr. Greeney and his friends while in Cairo, and will always remember my first trip out of Paducah as president of the league," President Brown declared. "When I got off the train I was met by Mr. Greeney and several other Cairo gentlemen and was shown about the city and entertained in every way possible. I enjoyed the trip immensely and besides the pleasure of it, we talked many league matters over and decided to place several matters before the next league meeting."

The meeting settled for March 12 at Henderson will be held at Paducah and if Henderson and Hopkinsville, the only two towns in the league having so far failed to put up the \$200 guarantee money, do not come across with this amount by that time, they will be dropped out and a four club league organized, or two other teams will be taken in. It is thought, however, that both towns will come in before that time.

The matter of a schedule was also talked of and the schedule of last year seeming to be the most popular will be recommended for this year. Each city will be asked to submit a schedule to the committee and the successful town will be given a prize of \$25 for the schedule arranged and accepted.

The matter of taking in new towns in event Hopkinsville and Henderson do not come in is easily settled as Bowling Green, Jackson, Tenn., and Owensboro are clamoring to get in and may jump at the chance.

A Jackson Tenn., dispatch says: Ormond "Peck" Butler, who finished fourth in the batting averages of the Southern league last fall, has signed with the Toledo American Baseball Association team this season. Butler is here with his family. He will leave Jackson about March 23 for Paducah and will play the opening practice game April 9.

Charles Street, formerly catcher for the Hopkinsville club, will catch for the Cincinnati National league club this season, and it is said will receive \$500 a month.

Princeton, Ind., announces that Manager John Ray has signed two more pitchers, E. E. Atkins of Raub, Ind., and William Beeker of Louisville. Both have pitched in the Delta league.

Jack Murphy, an outfielder of Louisville, has signed with Princeton.

It has been definitely settled that Grover Land will go to St. Paul in the American association to play this year. The terms have been accepted by Land and the local association has been sent the check for his purchase and expect it this week. Land says he will be paid \$200 a month.

Hedges says he will know Wednesday if he will play with the Rock Island team in the Three I league. He has been dickering with them, but the price, has been unsatisfactory. He wants to go back to Springfield, Ill., where he worked last summer.

It is evident from the tenor of the baseball "dope" in "Kitty" league papers that the clubs all realize that they have "Padook" to beat. The sporting editors all devote most of their time to telling what they are going to do to us. Paducah will be there with the goods all right.

Former Secretary Farnbaker says in the Cairo News: "One hundred and twenty-three games is about the right number to be played in the season, three being morning games for Decoration day Fourth of July and Labor day. The season should open

## CABLE STRUNG

### INDEPENDENT COMPANY LAYS ONE TO THE ISLAND.

First Ever Run to the Barges and  
Docks Over On That Side of  
the Tennessee.

The first telephone cable ever laid across the Tennessee river at Paducah has just been completed by the Independent Telephone Co. It is 1300 feet long, and required several days' work to string.

It is for the purpose of furnishing the towboats docks and barge headquarters over on the island with telephone facilities and will be a great improvement.

Over at the island dozens of boats are usually laid up, especially the tie boats, and heretofore orders from headquarters as to movements, etc., have had to be carried over by skiff. They are now transmitted by telephone.

The coal combine has a dock over there now, also, and it was mainly for this that the cable was laid.

### HE FLEW SOME.

Caught by Husband, Negro Lost His  
Clothes and Escaped to the  
Darkness.

An amusing case was reported to Officer Aaron Hurley this morning. According to the statement of what few interested who could be located, Lou Brown, colored, went to his home at Ninth and Caldwell, and found "Kid" Curley, colored, with his, Brown's wife. Curley made his escape attired in nothing to speak of, and after being pursued a block or two Brown is alleged to have torn that little off, leaving the coon to continue his wild flight in nature's garb.

Brown gave up the case and went home to beat his wife, according to the account given the officer, and her brother arrived about that time. He is Sam Barker, and claims that he had no more than knocked on the door when Brown opened it and cut him, but not seriously. Brown, Barker and Curley are all missing, and warrants will doubtless be issued.

Call and see them at 520 Broadway.

W. T. MILLER.

### Probably an Oversight.

The Courier-Journal has been publishing suggestions, as to the best way to advertise Louisville, and recently paid \$100,000 to four persons offering the best methods and strange to say none of them suggested getting rid of Aaron Kohn.

Smithland Democrat.

MEETS SOON.

Joint Protective Committee of Carpenters Convenes Here the 6th.

The joint protective board of the Brotherhood of Railway Carmen will meet in Paducah on March 6 to reorganize.

There will be from 18 to 20 members here and the committee will remain in session one day. The board or committee is composed of one delegate from every union on the system and directs the movements of the entire system of unions. The local members of the Brotherhood look forward to the reorganization of the board with much interest.

### Just a Nickel.

One day last week Harry Steele, a slip of a boy who shines shoes in the streets, stopped one of the county officials and said "Mr. \_\_\_\_\_, do you reckon they will ever clear Caleb Powers?" After being told that he hoped so, the boy said, "Well, I do too. When they was making up that money the other day I didn't have but a nickel, but I give him that. I don't guess a nickel will make any difference to him but that is all I had."

# JANES

REAL ESTATE  
MORTGAGES &  
LOANS

Bargains in Rowlandtown vacant lots on monthly payments:  
For Rent.

Two three room houses, one five room, and one six room residences. Very desirable lot on Jefferson St., near 16th, 54 feet and eight inches by 165 ft. Price \$1,050.

## BOARD PREPARING TO BUILD SCHOOLS

Mechanicsburg Ground Staked Off Today.

The Building Will Be Started at Once—Rowlandtown Site to Be Selected This Week.

### OTHER LATE SCHOOL NEWS.

City School Superintendent C. M. Leib, Superintendent of Buildings Hoyer and the building committee from the school board went up to the Herzog lot in Mechanicsburg this morning and staked off the location of the school building site. Work on the new building in Mechanicsburg will begin as soon as the weather opens, the board desiring that the building be ready for use by September.

The lot was purchased sometime ago but the board has done nothing towards putting up the building. The intention of the committee is to recommend a four-room basement building, built in such a way, with sectional roof, as to permit an addition of four rooms, when the attendance grows sufficiently to warrant the addition.

The committee will bring the matter of building this school up at the next meeting and it is probable the work will be ordered started at once.

The committee will also select a site for a new building in Rowlandtown this week. This will be a smaller building but is necessary and the board will build it this summer.

Miss Nannie Cullom, of Bowling Green, arrived yesterday and this morning assumed charge of the 7th and 8th grades in the High school building as assistant principal. She takes the place of Mrs. Minnie Henderson, resigned. Prof. C. E. Green, who was selected to fill the place, failed to show up and the committee elected Miss Cullom.

### MASON'S HOME.

Good Work Being Done by the Committee at Louisville.

Masons throughout the state will be gratified over the success of the committee appointed by order of the last grand lodge, to arrange for building the "Old Masons' Home" near Shelbyville, Ky. The necessary amount, it is said, will be raised at an early date. The following officers and sub-committees have the matter in charge:

C. G. Curry, president; W. Douglas Webb, vice-president; W. M. Evans, secretary, and Samuel Leidigh, treasurer. Ways and Means committee—Edward J. Ashcraft, chairman; Evan Hammon, Harry Boegerhausen, William C. Matthews and Z. T. Randolph. Finance committee—John A. Gray, chairman; Emil Hilpp and J. H. H. Dammerman.

### FAIR EXCHANGE.

A New Back For an Old One—How It Is Done in Paducah.

The back aches at times with a dull, indescribable feeling, making you weary and restless; piercing pains shoot across the region of the kidneys, and again the loins are so lame to stoop is agony. No use to rub or apply a plaster to the back in this condition. You cannot reach the cause. Exchange the bad back for a new and stronger one. Follow the example of this Paducah citizen.

W. H. Smith, residing at 1204 South Fourth street, says: "My back has troubled me for some years past. It would ache so just above the hips that I would have to go and lie down and then I couldn't get up without help. My daughter would apply plasters and mustard and everything else to see if I could not get relief. They would help me temporarily, but it would return soon, as severe as ever. One day we noticed Doan's Kidney Pills advertised at DuBois, Kolb & Co.'s drug store and sent and got a box. I took them as directed and in about a week I was able to go about my work as usual, the lameness in my back and shoulders ceased and the kidneys began

to perform their work in the regular and natural way. I found out it was Doan's Kidney Pills that relieved me of all the trouble. I can cheerfully endorse them."

For sale by all druggists. Price 50 cents. Foster-Milburn Co., Buffalo, N. Y., agents for the United States.

Remember the name—Doan's—and take no other.

## THE DEATH RECORD SINCE SATURDAY

Mr. Pat O'Brien Expires Suddenly at His Home in the City.

Mr. Dick Clark a Victim of Consumption—Burial in Marshall County.

### OTHER DEATHS IN THE COUNTY.

Mr. Pat O'Brien a popular and respected citizen, died suddenly Saturday afternoon at 4:15 o'clock at his home at Jefferson and Tenth streets, from heart disease. He had been ill for eighteen months, most of the time confined to his bed, but for the past few weeks was able to get about without the aid of a cane and Saturday was able to walk down town for the first time in some months.

While talking to Supt. Muscoe Burnett, of the Paducah Water Co., in the latter's office on South Fourth street, he felt a sharp pain near the chin, and became almost helpless. He was placed in Mr. Ed Hannan's buggy and driven home, and became rapidly worse, breathing his last in fifteen minutes.

Mr. O'Brien was born August 2, 1864, in Paducah, and was son of Mr. John O'Brien, for many years a prominent coal merchant.

He was interested in his father's business until they sold out, and then established a transfer business. About twelve years ago he was injured by seizing a piece of steel that was falling from a wagon, and although his back and spine were apparently affected, he recovered and was able to attend to business as usual.

He was subsequently in the coal business for himself, and afterwards a bookkeeper for the Evening News, subsequently occupying a similar position in the Ed Hannan plumbing establishment. Eighteen months ago he became ill from something similar to paralysis or locomotor ataxia, and had not since been able to attend to any kind of work, most of the time being helpless in bed. It was just at a time when he believed he had recovered that the summons came.

Mr. O'Brien was married October 25, 1886, to Miss Belle Anthony, who with three daughters, survives him. His daughters are: Mamie, Ethel and Belle V. O'Brien. He leaves three sisters and two brothers, Mesdames John T. Donovan of Paducah, Dora Cook, of Choctaw I. T. and Miss Mamie O'Brien, of Paducah, and Messrs. Richard and Will O'Brien, of Galveston, Tex. Mr. O'Brien's mother and father both died suddenly, the latter about four years ago.

Mr. O'Brien was a young man who had the good will of everybody. He was affable and kind, and numbered his friends by the hundred. He was a member of Paducah lodge, 217 Elks.

The funeral took place this morning at 9 o'clock at the St. Francis de Sales church, burial at Mt. Carmel. The pallbearers were:

Active: W. E. Cochran, James Clements, Bell Given, Sam Hubbard, Harry Johnston and James Glauber. Honorary: Ed. Hannan, M. W. Johnston, W. F. Paxton and Richard Geagen.

Mr. T. T. Clark, better known as "Dick" Clark, died of consumption Saturday night at 1 o'clock at the residence of his brother, Mr. M. W. Clark, at Seventh and Campbell streets, after a several months' illness. He was born in Marshall county and was 52 years old and unmarried. He had lived in Paducah for many years, at one time being a member of the police force. He was also in the second hand business on Kentucky avenue for several years.

The remains were this morning taken to Benton, Marshall county, and buried in the Clark burial ground near that place.

Mr. William Halley, of the city, Saturday night received news of the death at Barley, Tex., of his brother, Mr. T. J. Halley.

The remains of Mrs. Mary Carney arrived yesterday from Evansville, Ind., and were buried from the St. Francis de Sales church. The deceased was mother of Mr. John Carney, a former I. C. engineer of Paducah, and a brother-in-law of Mr. William Halley.

Mrs. Isabelle Curtis, aged 35, died Saturday evening at 6 o'clock at No. 18 Huntington Row. She was wife of E. P. Curtis, of the Illinois Central shops, and had been ill for sometime. She was born in Logan county and

## FASCINATING

# Millinery Display...

We take pleasure in announcing to the ladies of Paducah and vicinity that our new store is now open for business. We have installed a complete stock of Millinery goods for your inspection, embracing ready-to-wear hats, tailored and hair braid hats for early spring wear. We extend you a cordial invitation to call on us.

**Mrs. D. W. Coons Millinery Co.**  
524 Broadway

Regular Spring Opening of Easter Hats  
will be announced later.

## Vacation Trips

If you intend taking a trip for your vacation next summer, you are doubtless thinking of the amount you will spend and how you will save it.

You could not make your trip more assured than by starting an account with this bank. If you wish, you can get a Metal Deposit Safe to keep at home and save the small change you usually waste because you have no way of saving it.

It is impossible for you to save as much or as easily without an account with this bank, as you can with one, to say nothing of the danger of having money around the house.

If you keep your money with you where it will be a continual temptation to spend it, you will hardly save as much as you would if you start an account and leave it with us. One dollar will start an account.

**Mechanics' & Farmers' Savings Bank**  
227 Broadway

## NEWS OF THE RIVERS.

The gauge today was 21.5, a rise of five-tenths since yesterday. The weather has been cloudy and warm.

The Dick Fowler cleared at 8 a. m. for Cairo.

The Buttoff left at noon for Clarksville, Tenn., with a good trip.

The I. N. Hook left today for Tennessee river.

The Harvester and tow, which had been ice-bound for several weeks, arrived yesterday. The big steamer is now owned by the United States Gas, Coal and Coke company, and it is her first trip to Paducah since she was bought.

The ice was heavy in the Ohio yesterday, but this morning had all passed out, apparently. There was considerable on the other shore, however, driven there by the wind, and ice is reported heavy between Louisville and Cincinnati. On this account it is doubtful when the Evansville packets will resume.

Several of the smaller tie boats are preparing to leave for Tennessee and Cumberland rivers.

The W. W. O'Neil and big tow passed down early this morning en route from Louisville to New Orleans. She is the first of the combine's big boats to pass down for several months.

Capt. Jack McCaffrey has returned from Tennessee river.

The Charleston arrived from Tennessee river and went to Joppa.

A telephone message from Smithland yesterday stated that the main gorge above Carrsville had not broken loose and it was only the smaller gorges which had floated off. The present moderation is thought to be sufficient to break the big gorge away.

When a young man starts down the course of true love he tries to make a record.

## The Weather.

Partly cloudy tonight and Tuesday with slight changes in the temperature.

## THE WIRE INSPECTOR.

If Paducah has a wire inspector, it would be no trouble to ascertain the rules of the underwriters' association and have every wire correctly strung. These rules could be obtained for a stamp. If Paducah had secured a wire inspector several years ago, when it was urged to do so in the Sun, the present trouble and expense would have been avoided. At that time there were not near the number of wires there are now and many wires now strung wrong would then have been correctly placed. The policy of certain officeholders and their clique in Paducah has always been to put everything off and it was put off in this case. Now, after several years agitation, when it was supposed provision was made for an inspector, it is learned that the ordinance just passed is not worth the paper it is written on, because it makes no provision for paying the inspector. His pay must come from somewhere, but nothing is said about it in the ordinance. Where is the new inspector to get his salary? No wonder the insurance companies lose patience with the kind of men who run Paducah. No wonder they come here and arbitrarily order this, that and the other done—and at much trouble and expense to the property owners. They have the power to exact it and the property owner or policy holder has to do it to protect his business. These underwriters find that everything is juggled and delayed in Paducah until it is almost impossible to get anything done—that is, anything sensible. They find that the boards do not even pass an ordinance for wire inspector that can be enforced. It is a wonder that all the insurance policies have not been cancelled long ago.

The real sufferers from the despotic action of the insurance companies, however, are not the guilty city officials who are responsible for it, but the people, the property owners and the merchants who have most of their money tied up in valuable stocks, and have to have insurance to protect this stock. These men are the sufferers, but if they would go to the polls when the time comes, and put the right kind of men in office, they could obviate the evil.

## PAVE FIRST STREET.

There is a growing demand that First street be improved this year. In leaving it out, the boards have left out one of the most important thoroughfares in the city. A great deal of traffic is on First street. It

is the first street persons arriving by steamer see, and is in a conspicuous part of the city. It could be made one of the most attractive streets in Paducah, and should be. The cost would be less to the city than that of improving most any of the other streets, as a great deal of the cost would fall on the railroad, whose tracks go down the street. The boards should take this suggestion up at once. It is understood that it will be brought up soon, and is to be hoped it will.

The president of the New York board of health says that the germs of consumption and diphtheria are carried by paper and silver currency. This started a crusade against "dirty money." This is right. All money is dirty. There are few men who do not heartily wish about the first of every month when the bill collector comes around, that it were abolished entirely.

What the public wants is the facts. Card writing by crafty lawyers and terms of equivocation and deception will not have any effect, unless it is to delay the inevitable. Open up the various offices and give them an airing. It will not hurt, even if nothing wrong is found.

Had you noticed, dear reader, that there is one office in the court house about which no "rookus" has been raised—that of circuit clerk? It is in charge of a republican, and has practically been in charge of one for many years.

Col. Jack Chinn went to Washington and saw the president. When he left the executive building he declared that Bryant and Roosevelt were the "two greatest men in the United States." Col. Chinn probably threw in Col. Bryan to square himself with the folks at home.

Spring cleaning seems to have been started rather early in the year by the Democrats in McCracken county, but the taxpayers are not kicking.

It may not be long until resignations are ripe.

## MISS DESHA RESIGNS

WELL KNOWN TEACHER LEAVES  
THE SCHOOLS ON MARCH  
THE SIXTH.Will Be Married on March the Sixth  
to Mr. I. O. Walker, Road-  
master of the N. C. & St. L.

Miss Ione Desha, a popular teacher at the Washington school today filed with Secretary Pitcher, of the board of education, her resignation to take effect March 6th. The resignation was not a surprise, as it had been expected for sometime.

At present it is not known who will be elected to succeed her, as the board has not considered the matter.

Miss Desha is to be married, it is understood, March 6th, to Mr. I. O. Walker, roadmaster of the N. C. & St. L., and for this reason resigned. She has for several years been one of the most popular of Paducah's school teachers, and her resignation from the schools is generally regretted by the educators.

## Baggageman Transferred.

Mr. I. L. Perkins, a baggageman who has been running between Paducah and Centralia on the St. Louis division of the I. C., has been transferred to the Cairo and Centralia division. A man from the north end will be sent here to take his place.

COMMITTEE BACK  
FROM ST. LOUIS TRIPPresident Decker Met Railroad  
Officials There.No Report of What Was Accomplished  
Has Been Given Out Yet by  
the Committee.

## THE IRON FURNACE MEN HERE.

Col. A. J. Decker, president of the Commercial club, and Mr. Richard Rudy, the other member of the committee appointed by the Commercial club recently to go to St. Louis and confer with an official of the Frisco railroad relative to building from Joplin to Paducah, to investigate freight rates, and to see representatives of a big shoe concern that wants to locate a branch house in a good place, returned yesterday, but others equally as well informed claim that the maximum of \$1.85 will not pull the city through.

It is very likely, however, that Col. Decker received some kind of favorable assurance, as he has called a meeting of the directors of the Commercial club for tomorrow afternoon at 4:30 o'clock at the Palmer House to hear the report, and it is expected to be something interesting.

It is understood that Col. Decker has quite a bunch of propositions, three new ones being received this morning. These will also be placed before the directors tomorrow.

J. D. Dana, Estes Wills and Ed. F. Goltar, of St. Louis, were in the city Saturday afternoon and inspected the iron furnaces on South Third street.

They left yesterday morning for Grand Rivers, and inspected the furnaces there, also, returning at 6 p.m. yesterday and taking a train immediately for St. Louis. They made no statement here as to their opinion of the furnaces, but they are representatives of the big syndicate that is trying to combine the big furnaces of the south.

The general opinion is that the visit is not of much significance, as the main object now is to get control of all the idle furnaces that can be used by the big combine, and they are merely looking over them.

If the gentlemen were satisfied that anything can be done with the furnaces it is likely their recommendations may result in much good being done the city.

## SOMETHING DOING

STATE BOARD OF PHARMACY  
HAS INSPECTOR HERE.Says He "Has Found Something,"  
But Declines to Be Inter-  
viewed.

Mr. E. A. Smith, inspector for the state board of pharmacy, is in the city inspecting local drug stores and will finish in a day or two.

He is sent out by the state board to go over the entire state and see that the drug stores are run according to law, and if they each have one registered pharmacist employed.

When questioned at the courthouse this morning, where he had gone to consult several county officials, he stated that he had "found something" in Paducah, but would make no statement. He has just started in his work here and necessarily has to keep quiet until finished.

## World Wags Well

AFTER BREAKFAST  
On...POSTUM  
FOOD COFFEE  
here's a reason.NO ANSWER GIVEN  
BY REV. J. S. CHEEKWill Notify the Deacons by Wire  
From Russellville Tomorrow.General Belief Among Members of  
the Church Is That He  
Will Accept.

## NEWS OF OTHER CHURCHES

Rev. John S. Cheek, of Russellville, who preached yesterday morning and evening at the First Baptist church, and who has been called to the pastorate of the church, left at noon today for home, and while he did not state positively what he has made up his mind to do, the impression left on the minds of the church officers is that he will accept.

He intended to announce today at a meeting of the deacons at 9 o'clock whether or not he would accept, but later decided to wait until he returns to Russellville, and wire his answer from there tomorrow.

Rev. Cheek impressed his hearers yesterday as a man of great ability and education, and is already liked very much.

At the regular February meeting of the Junior Warden Missionary Society of the Broadway Methodist church on Saturday afternoon, the following officers were elected for the ensuing year. Mrs. William Eades, president; Miss Adine Morton, vice president; Miss Elizabeth Martin, treasurer; Miss Jessie Byrd, recording secretary; Mrs. C. H. Chamblin, corresponding secretary, and Mrs. George Warfield, agent for the Advocate. The amount pledged for missions this year was raised in full. Miss Kate White has been president of the society for seven years and her resignation was most reluctantly accepted. Much of the society's success and growth is due to her.

Rev. W. W. Armstrong who has been for a month out of the city, attending the "Missionary Institute" in Nashville, Tenn., as a delegate from the Paducah district of the Memphis conference, filled his pulpit yesterday. Mr. Armstrong is an able and talented minister, and he was heard by interested congregations.

## We Offer \$1,000

## For a Disease Germ That Liquozone Can't Kill.

On every bottle of Liquozone we offer \$1,000 for a disease germ that it cannot kill. We do this to assure you that Liquozone does kill germs.

And it is the only way known to kill the germs in the body without killing the tissues, too. Any drug that kills germs is a poison, and it cannot be taken internally. Medicine is almost helpless in any germ disease. It is this fact which gives Liquozone its worth to humanity; a worth so great that, after testing the product for two years, through physicians and hospitals, we paid \$100,000 for the American rights. And we have spent over one million dollars, in one year, to buy the first bottle and give it free to each sick one who would try it.

## Acts Like Oxygen.

Liquozone is not made by compounding drugs, nor is there any alcohol in it. Its virtues are derived solely from gas—largely oxygen gas—by a process requiring immense apparatus and 14 days' time. This process has, for more than 20 years, been the constant subject of scientific and chemical research.

The result is a liquid that does what oxygen does. It is a nerve food and blood food—the most helpful thing in the world to you. Its effects are exhilarating, vitalizing, purifying. Yet it is an absolutely certain germicide. The reason is that germs are vegetables;

0 HICKS ON MARCH WEATHER. 0  
0 0 0 0 0 0 0 0 0 0 0 0 0

Rev. Irl R. Hicks' weather prognostications for the month of March are as follows:

Rain and high winds on and touching the 5th, ending in snow storms over much of the country to the northward. Blizzard conditions may result in the northern sections, but a rapid reaction to warmer will set in about the 7th ending in general storms of rain, sleet and snow up to the 12th. Several boreal storms with a cold wave need not surprise anyone from about the 10th to the 14th. The 15th to the 18th will bring a marked storm period, ending in wide areas of rain and snow. Another March cold wave may be looked for from about the 17th to the 20th, but it will give way as suddenly as it came, and the most general and violent storm conditions of the month will appear during the storm period immediately following. This storm period runs from about the 20th to the 24th. Look for rains and high winds, followed by a March blizzard over much of the country northward. From 27th to 29th the temperature will rise and there will be more rain and wind, turning to snow to the north. Look out for disastrous floods during the month. The month will not bring a maximum of cold, but there will be much rain, sleet and snow.

## LARGE CROWD.

Red Men's Memorial Services Were  
Well Attended.

A large crowd attended the Red Men's Memorial services at the Broadway Methodist church yesterday afternoon.

The music and orations were fine and Judge Lightfoot's eulogies were very appropriate. The program was followed out, and was as follows:

Prelude—Organ—Mrs. S. H. Winstead.

Opening Ceremonies—By the Tribe.

Invocation—Rev. T. J. Newell.

Hymn—In the Sweet Bye and Bye.

Eulogies—Chief R. T. Lightfoot.

Vocal Quartette—The Mellow Eve is Gliding—Mesdames W. C. Scofield, W. C. Gray; Messrs. Emmet Bagby, Robert Chastaine.

Oration—Chief Allen W. Barkley.

Solo—Face to Face—Robert Scott.

Closing Ceremonies—From the Ritual.

Hymn—Rock of Ages.

Benediction—Rev. W. H. Pinkerton.

## JOHN MARSHALL

Was Appointed by the Governor to  
Go Instead of Maj. Ashcraft.

Gov. Beckham has announced the appointment of Mr. John Marshall, of Louisville, as an aide on the staff of Grand Marshal Chaffee in the national inaugural parade. Mr. Marshall consented to take the place of Maj. J. H. Ashcraft, of Paducah, who could not attend because of the serious illness of his wife. The governor was urged to name two aides who would attend the inauguration. The other one is R. P. Ernst, of Covington.

A man is compelled to lie to a woman occasionally if he would retain her friendship.

## TOOK A STRAW VOTE.

Interesting Experiment in a Restaurant.

An advertising agent, representing a prominent New York magazine, while on a recent western trip, was dining one evening in a Pittsburgh restaurant.

While waiting for his order he glanced over his newspaper and noticed the advertisement of a well-known dyspepsia preparation, Stuart's Dyspepsia Tablets. As he himself was a regular user of the tablets, he began speculating as to how many of the other traveling men in the dining room were also friends of the popular remedy for indigestion. He says: I counted twenty-three men at the tables and in the hotel office I took the trouble to interview them and was surprised to learn that nine of the twenty-three made a practice of taking one or two of Stuart's Dyspepsia Tablets after each meal.

One of them told me he had suffered so much from stomach trouble that at one time he had been obliged to quit the road, but since using Stuart's Dyspepsia Tablets had been entirely free from indigestion, but he continued their use, especially while traveling, on account of irregularity in meals and because like all traveling men he was often obliged to eat what he could get and not always what he wanted.

Another, who looked the picture of health, said he never ate a meal without taking a Stuart Tablet afterward because he could eat what he pleased and when he pleased without fear of a sleepless night or any other trouble.

Still another used them because he was subject to gas on stomach, causing pressure on heart and lungs, shortness of breath and distress in chest, which he no longer experienced since using the tablets regularly. Another claimed that Stuart's Dyspepsia Tablets was the only safe remedy he had ever found for sour stomach and acidity. He had formerly used common soda to relieve the trouble, but the tablets were much better and safer to use.

After smoking, drinking or other excesses which weaken the digestive organs, nothing restores the stomach to a healthy, wholesome condition so effectually as Stuart's Tablets.

Stuart's Dyspepsia Tablets contain the natural digestives, pepsin, diastase, which every weak stomach lacks as well as nux, hydrastin and yellow parilla, and can be safely relied on as a radical cure for every form of poor digestion. Sold by druggist everywhere.

## TO MOVE COUNTY SEAT.

Citizens of Barlow Want to Take it  
From Wickliffe.

A petition is being circulated by the leading citizens of Barlow, Ballard county, praying the county judge to order an election on the removal of the county seat from Wickliffe to Barlow at the fall election. It requires only 25 per cent. of the voters of the county to demand a vote, and it seems that a vote will be taken this fall.

## Coach Inspector Back at Work.

Mr. W. A. Carter, coach inspector for the I. C. has recovered after a several days' illness and is again on duty. His position was filled during his illness by Mr. Frank Budde, who has returned to the car shops.

## 50c. Bottle Free.

If you need Liquozone, and have never tried it, please send us this coupon. We will then mail you an order on a local druggist for a full size bottle, and we will pay the druggist ourselves for it. This is our free gift, made to convince you; to show you what Liquozone is, and what it can do. In Justice to yourself, please accept it to-day, for it places you under no obligation whatever.

Liquozone costs 50c. and \$1.

## CUT OUT THIS COUPON

for this offer may not appear again. Fill out the blanks and mail it to The Liquozone Company, 486-494 Wabash Ave., Chicago.

My disease is ..... I have never tried Liquozone, but if you will supply me a 50c. bottle free I will take it.

## 25¢ Give full address—write plainly.

Any physician or hospital not yet using Liquozone will be gladly supplied for a test.

Same Hat for Twenty Years.

(Schenectady, N. Y., Telegram to the Philadelphia Public Ledger.)

H. C. Van Benthuysen, who was 34 years old and had not had his hair cut for twenty years, and had worn constantly indoors and out the same hat for fifteen years, died today. It is said that when a boy he was treated with such harshness and stinginess that a fuss was made in the family when he had his hair cut and on the rare occasions when he needed a new hat, so he vowed never to buy a hat nor have his hair cut.

## Kansas Girls Get Mirrors.

(Topeka, Telegram to the St. Louis Republic.)

This order was a result of a decision of the secretary of state today for 42 mirrors, to be placed in the several committee rooms.

This order was a result of a demand by the young women who are stenographers and clerks in the service of the several committees.

## Lived on Rose Perfume.

(Chicago Telegram to the New York Times.)

In the trial of Inga Hanson, charged with trying to defraud a street car company through alleged injuries, Mrs. White, a nurse, testified:

"For a month Inga Hanson did not eat a mouthful of food, so far as I know."

"If she took no solid or liquid food, upon what did she live?" asked Special Counsel Franklin B. Hussey.

"The odor of roses," replied Mrs. White. "She would crush them in her hand and sniff their perfume for minutes at a time. Her bed was covered constantly with rose leaves, out of which she had crushed and inhaled the fragrance. She kept roses in her room always. She said the fragrance strengthened her. I know she seemed wonderfully braced up after breathing the odor."
